

Please do not allow LPFM stations take priority over FM translators. K-LOVE radio is very important to me. I receive national news from it and listen to its encouraging music. It's the only station on the dial that is safe for the entire family to listen to. If K-LOVE were to cease to exist, my community would be left without any family-friendly programming on the radio. It's important to the entire community to have at least radio station that the entire family can enjoy together.
